*Dynamic Full Stack Developer dedicated to crafting innovative digital solutions. Eager to tackle challenging opportunities in a forward-thinking organization where I can leverage my expertise in Java development and agile methodologies. Passionate about driving excellence in regulatory reporting projects while fostering a culture of innovation within a collaborative team environment.*

## EDUCATION

### ST. ANN'S COLLEGE OF ENGINEERING AND TECHNOLOGY

Bachelor of Technology in Electronics and Communication Engineering (ECE)  
Honors: First Class with distinction (CGPA: 7.2/10)

Chirala, IN

June 2022

## PROFESSIONAL EXPERIENCE

### TATA CONSULTANCY SERVICES(TCS)

Software Developer

Hyderabad, IN

August 2022–Present

- Developed and maintained the Financial Insights & Analytics Tool, offering a comprehensive solution for managing and delivering Finance reports and Dashboards.
- Developed REST APIs using Spring MVC and Spring Boot, deploying all Microservices on Kubernetes.
- Designed and implemented Angular 9 components, services, routes, and authentication mechanisms using OAuth2, JWT, and HTTP Interceptor. Created dynamic and browser-compatible pages with HTML/CSS Preprocessors, JavaScript, Bootstrap, Ajax, and Web Services XML schemas.
- Implemented unit testing with JUnit and exception logging with Log4j.
- Achieved a 60% increase in application performance by leveraging Java 8 features for refactoring.
- Managed CI/CD pipelines using Jenkins and GitLab, oversaw dependency management with JFrog Artifactory, and enforced security measures with Blackduck and Fortify.
- Utilized Agile methodology and JIRA for efficient project tracking and defect management.

## TECHNICAL SKILLS

- **Programming languages:** Java, Python, JavaScript, TypeScript, C, HTML/CSS.
- **Tools and Frameworks:** Spring Boot, Maven, Angular, Microservices, Git/GitLab, JIRA.
- **Testing and Deployment:** JUnit, Mockito, Postman, Jenkins, JFrog, GCP, BlackDuck and Fortify SCA.
- **Databases:** SQL, MongoDB, MySQL, Oracle DB.
- **Other Tools:** IntelliJ IDEA, Eclipse, Visual Studio Code

## PROJECTS

### NATIONAL SCHOLARSHIP PORTAL

Full Stack Developer Intern at Wipro

Hyderabad, IN(Remote)

Jan 2022–June 2022

**Description:** A comprehensive scholarship portal that allows submit, track and update the status of applications.

**Technologies Used:** Java, JavaScript, TypeScript, Spring Boot, Spring MVC, MongoDB, REST APIs, Angular, Microservices.

- Successfully managed the development lifecycle from planning to deployment, resulting in a user-friendly and efficient platform. Implemented responsive design and real-time updates to enhance user experience.
